Product Description

Woods Equipment BB72.40 BrushBull Cutter

Introducing the BB72.40, Woods® BrushBull™ Premium rotary cutter, uniquely designed to pair perfectly with 40 - 90 horsepower tractors. Our latest BrushBull is expertly engineered to maximize the performance of both tractor and attachment in this specific HP range.

With the BB72.40, you can take to the field confidently with the exact amount of weight to match your tractor and the power and durability needed to get the job done. No more. No less. Tackle overgrown weeds and brush out back or take on commercial work without the risk of stressing out, wearing down, or wearing out tractor or attachment.
